

notesalert improving efficiency of your business

Notes Alert is an incredibly easy-to-use yet powerful integrated visual notification tool for Sage ERP Accpac. Notes Alert automatically populates Sage ERP Accpac Order Entry & Purchase Order Entry screens with user definable and relevant customer, vendor and item specific notes. Notes Alert will provides convenient reminders and vital information to you, your staff. Notes Alert allows you to share this information with your trading partners as Order Entry & Purchase Order Entry comments and instructions.

With notesalert you will:

Increase Sales

Notes Alert will conveniently remind your sales team of special promotional offers, add-on and up-sell opportunities by popping up notes in order entry when specific inventory control items are added to an order. For promotional or seasonal items, you have the ability to automatically expire your alert on a specific date.

Enhance Customer Experience

Notes Alert helps you and your team deliver improved customer experience. With Notes Alert you can add customer specific alerts to your Accounts Receivable customer record including notes related to special purchase, shipping and billing instructions, customer payment preferences, personal information and much more.

Save Time

Notes Alert will save you time. Avoid tedious re-entry of common customer, vendor and item comments and instructions. Notes Alert offers an unlimited number of notes to be entered and an unlimited length of note. Notes Alert allows you to automatically insert one or all notes into a sales order or purchase order as an instruction or comment.

Do you and your team have too much to remember? Does your desktop look anything like this?

The good news is "There is a Solution!"

notesalert integrated visual notifications totally eliminates your need to have to remember specific customer, vendor and item comments, instructions and information. With notesalert screens integrated into Sage ERP Accpac AR customers, AP vendors and IC items forms, managing your notes is simple, and convenient.

Multiple notes can be entered for customer, vendor & item with no restriction on note length. notesalert tracks note creation date, expiry date and note creator.

Pop-up notes in Purchase Order or Order Entry, may be edited "on the fly" & inserted as a Purchase Order or Sales Order comment or instruction, giving your trading partner information valuable to them.
